

VOBLING™
an Occupli company

WHEN REALITY IS NOT ENOUGH

Since 2015, we empower people to obtain critical skills to prevent, prepare for, and handle dangerous situations through immersive digital training.

We transform traditional safety training into accessible, intuitive, and realistic learning experiences. Trusted by organizations worldwide, we set a new standard for quality, transparency, and accessibility in safety training.

Invented in Sweden.

WORK AT HEIGHT

CREATED BY VOBLING

CORE PROCEDURES:

- Safe operation of scissor lifts, including inspection checklists and area safety fencing.
- Selection of helmets and harnesses, with randomized checks for condition and proper usage.
- Lanyard selection and correct attachment procedures, with instant feedback.
- Safety and permit reviews covering essential safety information and required permits.
- Error correction and unlimited attempts to support individual learning.

IDEAL USERS / USE CASE:

- For internal use by larger companies to ensure standardized procedures are followed globally.
- Supports global quality control.
- Enhances knowledge retention compared to traditional paperwork.

The product is sold as a monthly subscription billed monthly through our website.

Price 9,99 EUR / Month

* Please note that the VR headset is not included in our product and is needed to be purchased separately.
